

Design And Develop
Crossfit Paragon.
Fitness Center.

Design & Develop By
 NexMark Studios

— 01 Overview

When we began work with Crossfit Paragon — a premium fitness center in Georgia founded in 2008 — they wanted a website design that truly reflected their gym. With our expertise, we were able to put together a clean, stylish and comfortable website, much like the physical place. We took their large amount of content and parred it down to create an easy, user-friendly experience.
