Why They Hired Us

Their old website needed a redesign to be mobile-friendly. We added new pages to their website and gave it a fresh modern & user-friendly look with great mobile optimization without using Wix's ready-to-use templates but designed a custom look to stand out. While working on their Local SEO and helping their website reach a higher rank in Google Search Results. We also recommended the Wix platform to the client to avoid website maintenance expenses and hassles.
